LOW EXPRESS RATES ON PLANTS.

We ship plants by all express lines to any part of the country. Under the ruling of the leading express companies plants packed in closed boxes or baskets are now being carried at the "GENERAL SPECIAL" rate, which means a reduction of 20 per cent, from the regular merchandise rate. Boxes weighing less than 100 pounds are charged at pound rates, but the minimum charge is 35c. For example, if the general rate is \$5.00 per 100 lbs., a box containing 25 lbs. will cost \$1.00, which is a saving of 25 cents.

•• BUSINESS CONDITIONS. ••

TERMS on Florists' stock: To customers of approved credit 60 DAYS, except on certain CASH items. Special 3 per cent. discount for cash in Ten days, (from these list prices only,) not from the "Special" quotations and excepting NET CASH items.

New Accounts: New customers, if not already well known, will please send cash with first order and if desiring to open an account send good references, property statement or other information concerning their commercial standing as they may be able to furnish. This will avoid delay which is often very annoying. We cannot be expected to ship goods to those whose good standing is not known to us. For references please name bankers, wholesale merchants or other well-known business men with whom you have had dealings—such information will be held in confidence.

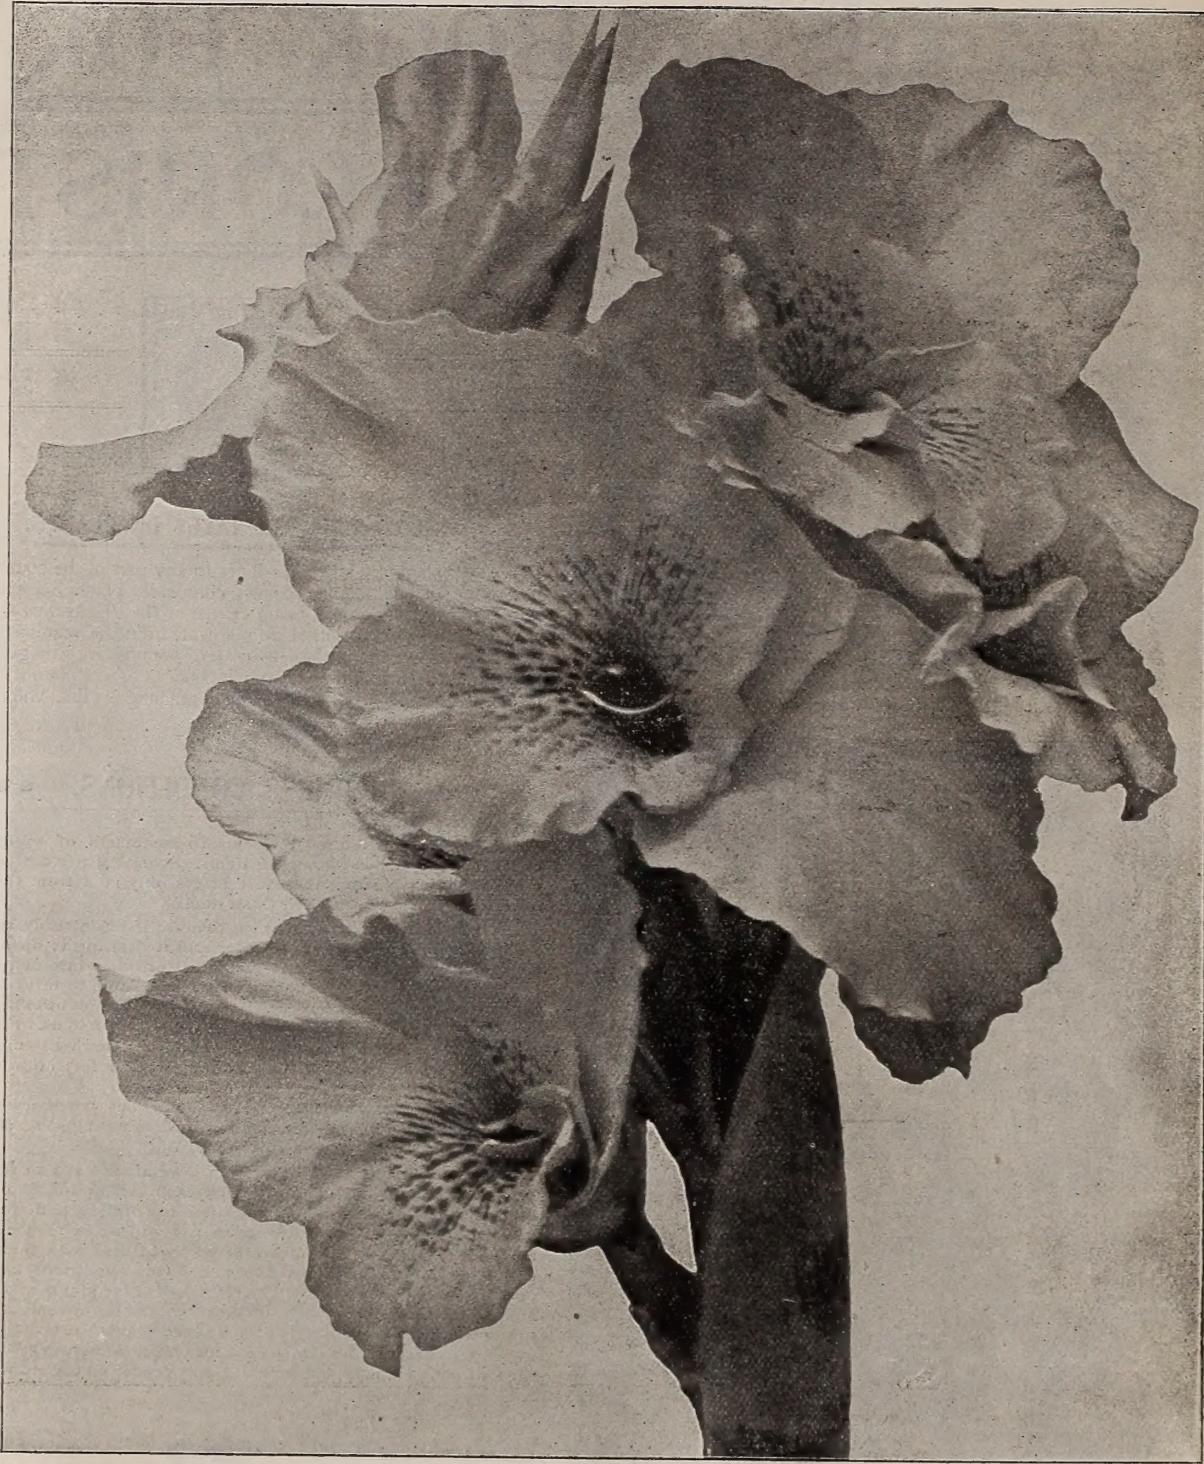

We prefer not to send goods C. O. D., but when wanted in that manner some money must accompany order; PERISHABLE stock, plants, etc., are POSITIVELY NOT SENT C. O. D.

Our Responsibility: While we always aim to have the best BULBS AND DORMANT PLANTS which each season affords from reliable houses, we cannot and do not guarantee any of them to flower or produce a crop of flowers at the prices given, nor will we be responsible for the crop. We assume our customers to be acquainted with these conditions and if the stock is not accepted on such conditions it must be returned at once and any money paid will be refunded. Live plants and like perishable stock should be sent by express; we cannot assume any responsibility whatever for safe arrival when such plants are ordered by freight by the purchaser. The remedy for loss must lie between the buyer and the Railroad Company, but we will gladly render all the aid we can.

New Yellow Canna, Burbank's

WITH GIANT ORCHID-LIKE FLOWERS.

At last we have found not only a clear, beautiful, yellow flowered Canna, but also a flower magnificent in size—fully twice as large as **Mad. Crozy** and similar kinds. This splendid plant has been produced from seed by the well-known horticulturist, Mr. Luther Burbank, of Sonoma Co., Cal., originator of many new and valuable fruits, flowers and vegetables. We made our first trial of the plant in our greenhouses last winter, hardly believing it possible that a flower of such size had been secured, or that it could be such a grand and almost pure yellow as described. But when it flowered with us, we found that it more than justified Mr. Burbank's claims. The flowers are truly gigantic in size, the three upper petals

spreading fully 7 inches, and the form, as shown by our photo-engraving is really semi-double; toward the inner part the lower petals show fine crimson spots; all the rest of the flower is of a most beautiful, rich canary yellow. The plant is a very strong grower, five to six feet high, with rich green leaves, with a texture not unlike the rubber plant. This Canna would take a prominent place as a decorative plant, even if its grand trusses of everblooming flowers were lacking.

As a specimen decorative as well as a flowering plant for the greenhouse or private conservatory, it is the finest novelty in recent years. It makes a brilliant and constant show, flowers quickly and freely.

VAUGHAN'S GLADIOLUS.

The stock here offered has been mostly grown for us on contract, and hence prices will be found to compare favorably with those of largest growers of the same. We send out only 1st size, plump and healthy bulbs, true to name. Our mixtures are A-1 and contain a good variety of colors. We would call special attention to our Vaughan's Florists' and XXX Mixtures, these are what every florist should have for cut-flower purposes, being made up from choice named kinds of white and light colors and contains many choice seedlings.

VAUGHAN'S GLADIOLUS MIXTURES.

First-Class Varieties, Large Flowers, Handsome Colors,
Not less than 25 at the 100 rate, and 250 at the 1000 rate.

GLADIOLUS
SNOW WHITE.

GLADIOLUS NOVELTIES.

Snow White.—The best white Gladiolus in cultivation. Nearly the entire flower is a perfect paper white, with a slight cream shade on the lower half of each petal; of wonderful vigorous growth, giving an average of three stems to each bulb; many have five or more. Doz., \$1.50; 100, \$10.00.

The Queen.—The flowers are large, rich and velvety, the ground color of the petals a pearly white, which is striped with a rich carmine, shaded blotched and marbled with rosy purple. The plant is a strong grower with a stout flower stalk about three feet high, and remarkably filled out with blooms on all sides. Per doz., \$1.75; per 100, \$12.00.

CHIDSI, Mixed.—Of the famous Leichtlin class, improved by Mr. E. V. Hallock, grand in size and colors. Per doz., \$1.00; per 100, \$6.00.

Reliable TUBEROSE Bulbs.

Our stock of **Excelsior Pearl** has been grown on contract for several years from the "Original Hallock Strain," and is not to be mentioned on the same day with the ordinary commissioned stock of Pearls, consigned and sold through feed stores, junk shops, etc., at 30 cents a bushel.

BEWARE OF STOCK THAT IS OFFERED AT LOW PRICES.

NOVELTY MIXTURE, MT. VERNON HYBRIDS.

We take great pleasure in offering this grand class of large flowering Gladiolus, crossed by Dr. Van Fleet under many years' careful work with Nanceanus, Lemoines and similar types, they are equal in size to the Childsii, with greater variety in types and coloring, and sure to supplant all the older Gladiolus sorts as soon as known. Per doz., 50c.; per 100, \$3.00.

Za Favorite.—A grand variety, producing numerously of large open flowers; color, dazzling rose, flamed carmine with clear yellow lower petals. A strong grower and most desirable variety for bedding.

Per doz., 50c.; per 100, \$2.75; per 1000 \$22.50.

New Seedling "May."—A large, straight, full, double spike of bloom with well opened flowers white ground flamed with wide feathered bands of bright rose. Flowers nearly white. Per 100, \$2.00; per 1000 \$15.00.

EXCELSIOR PEARL TUBEROSE BULBS.

New CARNATIONS for Spring '97.

OUR stock is entirely free from rust and in the best of health. We do not send out rooted cuttings (except of the new varieties) but supply well rooted plants from flats, which assures you of plants sure to grow.

This seems to be a year for Yellow Novelties and in Carnations we have one

Mayor Pingree which it is generally believed will prove very valuable. Messrs. Breit-

meyer & Son of Detroit, Michigan, long famous as Cut-flower growers are its sponsors and describe it as follows: In color, lemon yellow, delicately striped with pink, occasional blotch of white; very strong and robust grower; no cropper, but a continuous bloomer, blooms measuring from $2\frac{1}{2}$ to $3\frac{1}{2}$ inches; very stiff stem from 18 to 30 inches in length; stands erect; excellent keeper; in production free. Cuttings strike very rapidly.

HARRISON'S WHITE. (*Sport from Wm. Scott.*) A pure white of same build of flower same freedom in blooming as William Scott. Strong, vigorous grower, requiring no support.

MORELLO. (*Hopp & Lemke.*) Color a bright scarlet; large flowers, fragrant, with good calyx on strong stiff stems. Very fine bloomer and robust grower. Just the scarlet Carnation florists have been looking for.

MRS. CHAS. H. DUHME. (*Dorner.*) Color lively delicate pink, large flower, fragrant, with good calyx on strong stiff stem. Plant vigorous, erect grower. A very early, free and constant bloomer; much more so than any of the light pink varieties, rivaling in productiveness the Scott. This promises to be the best of the light pink commercial varieties.

MRS. GEO. M. BRADT. (*Dorner.*) Color clear white, heavily edged and striped with bright scarlet, giving it a very bright and cheerful appearance.

Flowers large and full, calyx resembling Mme. Albertina. Habit strong and vigorous. A constant bloomer from early to late.

Price of above 5 varieties, Rooted Cuttings, March 1st.

Per Dozen, \$1.50; per 100, \$10.00; per 1000, \$75.00.

FLORA HILL. (*Hill.*) The grandest white variety to date, and destined to be found in every greenhouse because of its easy management. The flower is of enormous size, and rounded build; wonderfully free in bloom, good calyx; not subject to rust. Selected cuttings, well rooted. Per doz., \$2.00; 100, \$12.00; 1000, \$100.00.

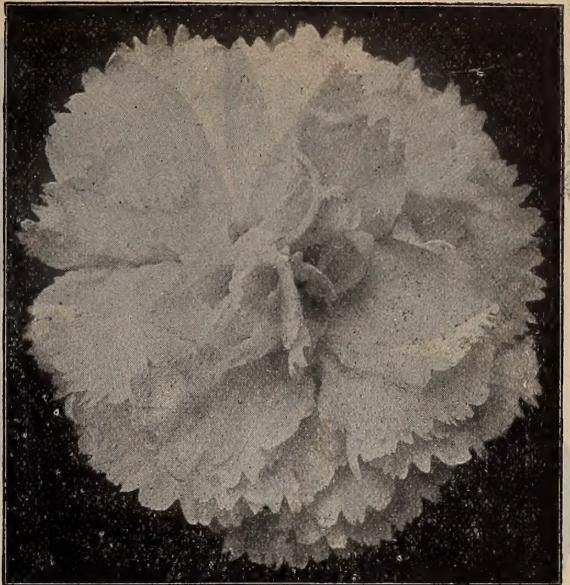

LILY DEAN. A very large flower, pure white ground with very delicate margin and penciling of clear pink, making it the most beautiful and attractive variegated flower we know of; very free blooming, remarkable for producing fully 90 per cent. of first grade long stem flowers in every hundred. Should be grown in a temperature of not over 50 degrees at night, otherwise the very large flower is too heavy for the stem. The plant is a strong vigorous grower. It has been certified wherever shown.

Price, per doz., \$2.00; 100, \$10.00; 1000, \$75.00.

MAUD DEAN. Delicate white, gradually deepening to center which is a delicate pink, making it the most distinct and beautiful. It is also one of the most delightfully fragrant Carnations known; its keeping qualities are remarkable; an extra well built flower with good stiff stem which always carries it erect, making it an ideal flower. It has received certificates from the A. C. S., Philadelphia, New York, Orange, Springfield, and many other societies.

Price, per doz., \$2.00; 100, \$10.00; 1000, \$75.00. Ready March 1st.

The flowers of these two varieties have sold in New York market at 200 to 300 per cent. above any others for the past two years.

HARRISON'S WHITE.

Varieties of 1896.

Jubilee. Color intense scarlet of the richest shade. Flower of large size on strong, stiff stems. A variety which was received favorably wherever shown. Per doz., \$1.00; 100, \$6.00; 1000, \$50.00.

Della Fox. Clear pink. About four shades darker than Daybreak. Has been the winner of more first premiums, certificates of merit, etc., than any other Carnation. Very long stems and a very strong grower.

Per doz., 75c.; 100, \$5.00; 1000, \$40.00.

IVORY. New white Carnation. Plant vigorous; stems long and wiry. Flowers pure ivory white, of good size, finely formed, nicely fringed, never bursting the calyx and very abundant. Doz., 50c.; 100, \$4.00; 1000, \$30.00.

Dean Hole. Bright clear yellow with scarlet stripes in the way of Buttercup but a much finer variety, blooms more freely.

Meteor. Deep brilliant crimson scarlet, blooms 3 inches in diameter, on a firm strong stem 14 to 18 inches long. Plant, a vigorous grower, clean foliage and a free bloomer.

Bridesmaid. Large flowers on strong, stiff stems, color an even shade of bright, clear pink, plant a free vigorous grower.

Goldfinch. A beautiful yellow of general type of Buttercup, but much freer both in growth and bloom. This variety is steadily growing in popularity. We advise a trial wherever a good yellow is in demand.

Price of above, strong transplanted plants from flats. Doz., 50c.; 100, \$3.00; 1000, \$25.00. Pot plants per doz., 7c.; per 100, \$5.00; per 1000, \$40.00.

BUDDED DORMANT ROSES, H. P.'S AND OTHERS.

We have a grand stock of Dormant Hardy H. P. and assorted Roses, ready for shipment. Our cold storage cellar, 28 x 150 feet, built at an expense of \$2,000, being largely filled with this stock; personal inspection invited.

Price, \$10.00 per 100, \$95.00 per 1000.

CANNAS.

NOVELTIES FOR

1897.

BURBANK. The new Orchid-flowered Canna. At last we have not only a clear, beautiful yellow flowered Canna, but also a flower magnificent in size, fully twice as large as Madam Crozy and similar kinds. The flowers are truly gigantic in size the three upper petals spreading fully 7 inches, and the form, as shown by our painting, is really semi-double; toward the inner part the petals show fine crimson spots; all the rest of the flower is of a most beautiful, rich canary-yellow. The plant is a very strong grower, five to six feet high, with leaves with a texture like rubber. The colored plate shows the flower in true natural size. As a specimen decorative as well as a flowering plant for the greenhouse or private conservatory, it is the finest novelty in recent years.

Price, each, 75c.; 6 for \$4.00.

"YELLOW CROZY." (Vaughan's No. 1.)

This novelty, proven by us for two years, is a clear, pure canary yellow with no red markings, except a few faint red spots on the smallest lower petal. The effect produced by a bed of it is a solid mass of pure yellow. In size, the flower petals are 1½ inches broad, the compact spike shows off well above the foliage, height 3 feet, foliage green. It has a remarkable habit of throwing out additional lateral flower heads from the main spike—often as many as six or seven. In the full sun it bleaches less than any Yellow Canna we have seen, owing to its good substance. It is, in short, just the color and habit of a plant which has been sought for the past five years, a pure "Yellow Crozy." **Price,** prepaid, March 15th delivery, from 3-inch pots, **\$1.50.** Stock limited.

Davenport, Ia.—I find your Yellow Canna No. 1 blooms early, with flowers larger than Eldorado, in color a pure yellow, slightly deeper than Burbank. It did not bleach out nearly white as do most yellows, and the flowers remain longer in bloom than others. I marked it again in 1896, as I did for 1895, the most promising Yellow Canna to date for outside bedding.

J. T. Temple.

From Fred Kanst, Head Gardener South Parks, Chicago, Jan. 8, 1897.

I grew your No. 1 Canna last season, and think it is an excellent one. The foliage is a rich green, the flowers bright yellow, and produced very freely. I consider it a valuable addition to my collection.

Italia. One of the new Giant Orchid-flowered types, for size and shape of flower, see our colored plate of Canna Burbank. In color, the centre is of brilliant red; the outer half of the circumference of each petal being a wide, irregular band of clear yellow, making with the two colors a very striking flower. Each, 50c.; doz., \$5.00.

Austria. Much resembles the Burbank but far inferior to it in substance of flower and foliage. Price, each, 40c.; doz., \$3.50; 25 for \$6.25 per 100, write for prices.

Stella Kanst. A seedling grown and propagated by Mr. F. Kanst, head gardener of the South Parks, Chicago. The plant grows from 5 to 6 feet high. Flowers medium size, of rich apricot color, resembling J. D. Cabos, except in foliage, which is green. In habit it is everything desired; an early bloomer, strong, robust grower. The flower stalk branches into five to eight laterals which are carried well above the foliage. At Chicago it has proven a very desirable bedding for massing. Each, 25c.; per doz., \$2.50; per 100, \$15.00.

"Cuba Libre." An improved Madam Crozy, larger flower, deep blood-red, and fully equal to Madam Crozy in flowers, foliage and habit of growth. Per doz., \$1.50; per 100, \$10.00.

Chicago. (Medal.) This is the best vermillion scarlet to date; 4 feet, green foliage with leaves 9 to 10 inches wide, flower truss and stalk stand boldly erect. The large flowers open out nearly flat, petals 1½ inches wide and five in number. The color is a clear deep vermillion, smooth and without markings, except a purplish gloss, they never fade, but drop off the flower stalk as they pass perfection, leaving it bright and clean so that the bed is always a mass of brilliant scarlet. Per doz., \$2.00; per 100, \$15.00.

Leonard Vaughan. Five feet. Dark bronze foliage. Grand addition to the small list of this class. It is the best dark-leaved variety. Very strong, robust grower, throwing up numerous, well-formed flower spikes which are carried well above the foliage. Color, bright scarlet without markings. Very wide petals measuring 1½ inches. Doz., \$2.50; per 100, \$15.00.

Madam Alphonse Bouvier. 3½ feet, foliage green. Flower large and well opened. The color is that of Madam Crozy, tinted with dark crimson spots. With a wide, irregular band of bright yellow, which is carried down into the throat of the flower. Per doz., \$2.00; per 100, \$15.00.

Flamingo. 3½ feet. Solid glowing crimson, green foliage, large open flowers, well reflexed, thick petals of good substance. One of the best for winter blooming in the house.

SEEING IS BELIEVING.

Early last summer we sent trial plants to members of the Special Canna Committee of the National Society of American Florists, who test all the new Cannas and report officially on the same. Their words carry the highest disinterested endorsement.

MR. JAMES DEAN, Chairman of that Committee, and chief of New York's horticultural display at the World's Fair, says: "Burbank is a new giant-flowered forerunner of a new class of these beautiful flowers."

MR. D. ZIRNGIEBEL, of Needham, Mass., of the same Committee says: "Yellow Burbank is the best yellow in cultivation now, very large flowers of handsome, bright shade of nearly pure yellow."

MR. J. T. TEMPLE, of Davenport, Ia., of this Committee, says: "I consider Burbank one of the best of this year's novelties."

Vaughan's Columbian CANNAS

The use of these grand SUMMER BEDDERS is surely increasing fast, notwithstanding the predictions of those who had none. With the greatly reduced prices of the past two years the new French sorts are replacing the older kinds rapidly. We repeat it—The New Cannas have come to stay and the advertising given them the past three years tells on retail demand.

Alphonse Bouvier.—6 feet. Green foliage; color, bright crimson, flowers large. A grand red. Price, per 100, \$5.00.

Alsace.—A. Blanc's white Canna. Price, per 100, \$8.00.

BRONZE BEAUTY.—3½ to 4 ft. Bronze foliage, flowers open and well above foliage, petals large and curving; color same as J.C. Vaughan but has a changeable appearance in different lights. Price, per 100, \$10.00.

Brennungsil Variegated.—3½ feet. Leaves striped and blotched white. Price, per 100, \$4.00.

COLUMBIA.—(Medal). 3 feet. Foliage green; a flower very large and rather compact on the spike, petals 1½ inches wide and slightly overlap each other; texture very thick and firm, an early and constant bloomer; color a rich glowing red. Price, per 100, \$10.00.

Chas. Henderson.—4 feet. Green foliage, flowers crimson. Per 100, \$4.00.

Comte de Bouchard.—4 ft. Green foliage. Resembles Florence Vaughan. Price, per 100, \$10.00.

Doyen J. Sisley.—4 feet. Leaves, deep purple; flowers magenta crimson, medium size. Price, per 100, \$6.00.

Discolor.—10 feet. Bronzy red, mammoth leaves, small flowers. Per 100, 4.00.

Duchess de Mortemart.—4 feet. Green foliage; medium size, yellow, strongly dotted and penciled carmine. Price, per 100, \$4.00.

EGANDALE.—(Medal awarded). 4 feet. Bronze foliage, strong, compact flower spikes; color currant-red. The finest bedding Canna of its color. Price, per 100, \$10.00.

ETENDARD.—4 feet. Green foliage, strong grower, long and wide, drooping leaves; flower spike large and compact, well above foliage, petals large and curving, color deep orange with very narrow edge of yellow. Per 100, \$8.00.

ELDORADO.—Foliage green, flowers large yellow, finely speckled with lightest red, they never fade but drop off the flower stalk as they pass perfection, so that the bed is always a mass of the brightest golden yellow. Price, per 100, \$10.00.

Ehemani.—6 ft. Green foliage, medium sized, cherry-red flowers. 100, \$5.00.

FLORENCE VAUGHAN.—(Medal.) The highest type of Canna flower—the petals being remarkably wide, rounded on the ends, of good substance and flower very large, though thickly dotted with bright red, its general effect in the flower beds is a rich, orange yellow. The foliage is green, splendid broad leaves 4 feet. It is a decided ever-bloomer. Per 100, \$8.00.

Explorateur Crampbel.—5 ft. Green foliage, flower large, color a clear vermilion scarlet, tinted with crimson spots. Price, per 100, \$4.00.

F. R. Pierson.—3 feet. Green foliage, flower large, clear scarlet with yellow throat. Price, per 100, \$6.00.

GENERAL DODDS.—4 ½ feet. Bronze foliage, good grower, flower deep vermilion with slight crimson dots; flowers reflex more than any other Canna. Price, per 100, \$10.00.

Geo. W. Childs.—3½ feet. Green foliage; flowers are nearest like those of Madam Crozy, but with more yellow. Just the sort for the outside row in Canna Beds. Per 100, \$10.00.

J. C. Vaughan.—5½ ft. Dark bronze foliage, flower large, clear deep vermilion. 100, \$8.

J. D. Cabos.—4½ ft. Bronze foliage, flowers large and round, color exceedingly distinct rich apricot. Price, per 100, \$6.00.

J. Wilkinson Elliott.—4½ feet. Green foliage, flower spike large and open, petal long and broad, color light vermilion, covered lengthwise with fine distinct crimson veins. Price, per 100, \$6.00.

Mrs. J. M. Samuels.—4 feet. Green foliage with purplish stems; flowers large, deep salmon, heavily dotted with crimson; strong grower and free bloomer. Price, per 100, \$8.00.

M. MESNIER.—(Medal.) 3½ feet. Dark green foliage, sturdy growth, flowers large, petals wide, color salmon, slightly dotted and streaked with red. The petals have a narrow rim of yellow, often ½ inch wide. Price, per 100, \$10.00.

MIDWAY.—(Medal.) 4 ½ feet. Green foliage, strong grower; color rich vermilion, slightly streaked with faint crimson, petals 1½ inches wide, compact flower spike, a strong grower and free bloomer. Price, per 100, \$10.00.

MRS. F. L. AMES.—(Medal.) 3 feet. Green foliage, petals wide but short, color deep salmon, dotted slightly with crimson. Reverse of petals yellow. Per 100, \$10.00.

Marquise Arthur de L'Aigle.—3½ feet. Green foliage; color, rich red stained yellow at the centre, dotted carmine, bordered yellow. Price, per 100, \$4.00.

Miss Sarah Hill.—4 ft. Green foliage, carmine crimson flowers. Per 100, \$4.

Mlle. de Crillon.—3½ feet. Green foliage; flowers yellow, tinted deep carmine at the base, medium size. Price, per 100, \$4.00.

MADAM CROZY.—4 ft. The all round general purpose Canna. Per 100, \$4.00.

OCTAVE MIRABEAU.—(Medal). 3½ feet. Green foliage, flowers large, petals wide, deep vermilion, with fine lines of orange and crimson. Price, per 100, \$8.00.

Paul Bruant.—4½ feet. Flowers large orange shaded red. Per 100, \$6.00.

Paul Marquant.—4½ ft. Green foliage, strong flower spikes; extra large flower of a deep salmon color, smoothly shaded orange, petals wide. Per 100, \$4.00.

P. J. Berckmans.—5 ft. Green foliage, flower-spike compact, standing well above the foliage; free flowering, flowers large, bright cherry, almost identical with the variety Ehemani. Price, per 100, \$8.00.

• RARE AND CHOICE VARIETIES. •

Price, except where noted: Doz., 75c.; per 100, \$6.00.

3 of a kind at doz. rate, 5 of a kind at 100 rate.

YANOMA.—Latest White, and to the best of our belief, later than any white in commerce. Under ordinary cultivation it is at its best November 30th, and if retarded slightly, can be had in the best condition for Christmas. Reflexed, somewhat the form of Vivian Morel. Stem so short that the outer petals fall over the foliage. 4 feet high.

Marion Cleveland.—Immense, high, round solid bloom, with broad, massive, cupping petals. Ivory white, shading delicate lemon yellow. Habit almost as dwarf as IVORY. Stem stiff and erect with magnificent foliage close up to the bloom. Ready to market October 25th. Per doz., \$1.20; per 100, \$8.00

Sun-Clad.—A Japanese of the brightest yellow, incurved with a whirled centre. Maturing October 20th. Coming at this early date, and being brighter in color than Golden Wedding, it will immediately take the highest position among our popular commercial sorts. Height, 3 feet.

New York.—Very large, incurved Japanese, densely packed with petals, which are regularly formed, filling up well to the centre; of great substance and a regular outline; color white, foliage and stem good and able to sustain the massive bloom. Per doz., \$1.20; per 100, \$8.00.

Modesto.—Exceptionally meritorious. As expressed by several experts "the finest yellow yet produced either for exhibition or the trade." Intense in color, unsurpassed in size; of an incurved, slightly whirled form, with very high, full centre. Maturing November 15th.

Miss Agnes L. Dalskov.—PINK IVORY; the sensation of last year. A sport from Ivory, identical with the parent, except in color, which is a beautiful shell pink. This variety had a phenomenal sale in the Chicago market during the present season. Per doz., 75c.; per 100, \$5.00.

Gretchen Buetner.—A large, beautiful white of great depth; distinct in color and form. Strong stemmed, fine foliage. 3 feet; crown bud.

Wm. Simpson.—Is the earliest large Chrysanthemum grown, some of the flowers measuring 10 to 11 inches in diameter. Has been cut as early as October 15th. In color a pleasing shade of pink, a little lighter than Maud Dean, in form like Mrs. E. G. Hill, but a deeper flower. A good, strong, healthy grower, stiff stem, four to five feet high. Per doz., 75c.; per 100, \$5.00.

Mrs. Perrin.—Rose-pink IVORY; early midseason; 4½ feet, blooms nicely rounded and incurving; rose-pink within, and glistening pink without, rather slender stems, perfectly stiff, very beautifully covered with foliage, a fine grower.

GLORY OF THE PACIFIC.—It is of magnificent size and depth, with broad petals, which finely reflex, showing the clear pink color to excellent advantage. Maturing October 8th. A pink of large size and good form to come in with Bergmann is what all cut-flower men have been seeking, and this variety will delight every grower. Take crown bud. Height, 2½ feet.

Reine d'Angleterre.—Japanese reflexed; of enormous size, measuring 9 to 10 inches across. Color, deep pink with silvery reverse. Color is exquisite. Comes into bloom the last of October.

One each of above "Rare and Choice Varieties" for 85c.

CHRYSANTHEMUMS
FLORISTS' COMBINATION SET.

• GRAND NEW SORTS FOR 1897.

Western King.—(N. Smith & Son.) This we believe, is the best white yet introduced for commercial or exhibition blooms, or for plants, either bush or single stem. An incurved flower with outer petals slightly reflexing, pure white. Maturing November 1st. Height, 3½ to 4 feet, good from either bud, stem and foliage excellent. No variety has been so highly commended; was recommended for certificate by all five committees of the C. S. A.

Each, 50c.; doz., \$5.00.

Yellow Monarch.—(Dalledouze Bros.) A yellow sport from Merry Monarch, identical except in color, which is a pleasing canary. The earliest large flowering yellow Chrysanthemum to date. Blooms cut on October 5th, 1896. Certificate at New York and Boston. Each, 35c.; doz., \$3.50; per 100, \$25.00

The Times.—(Nanz & Neuner.) First class certificates of N. C. S. A very large, bold flower that takes at first sight, of deep pink at base, shading off to silvery pink at the tips. Shows off beautifully by artificial light. Stem stiff and foliage dark green, glossy and well up to the flower. A healthy free grower, never going blind. Height, 3½ to 4 feet. Nov. 1st to 8th. Each, 50c.; doz., \$5.00

GOLDEN TROPHY.—(Hill.) A grand early yellow to follow Marion Henderson; a dwarf grower, requires no tying; foliage very beautiful and quite up to the flower; very large for October, compact, crowded with petals, incurving into a complete golden ball; has been characterized as an "Early Bonnaffon." Keeps and travels wonderfully well; 2 feet; take first bud. Received N. C. S. certificate. Each, 50c.; doz., \$5.00.

C. W. WARD.—(Spaulding) Japanese; pure snow-white, of globular and solid form, flowers large. Perfection as regards stem, form and foliage. A grand commercial variety, good keeper and shipper. Crown or terminals, 3½ ft. Certificated. Each, 50c.; doz., \$5.00.

DEFENDER.—(Fisher & Ekas.) Dark crimson, very bright, and does not show underside of petals which are lighter, of course; midseason; height, 3½ to 4 feet; terminal buds; good free grower; stout stem, and good foliage up to bloom. Each, 50c.; doz., \$5.00; 100, \$35.00.

The Florists' Combination Set of 6 for \$2.40.

• OTHER NOVELTIES OF 1896. •

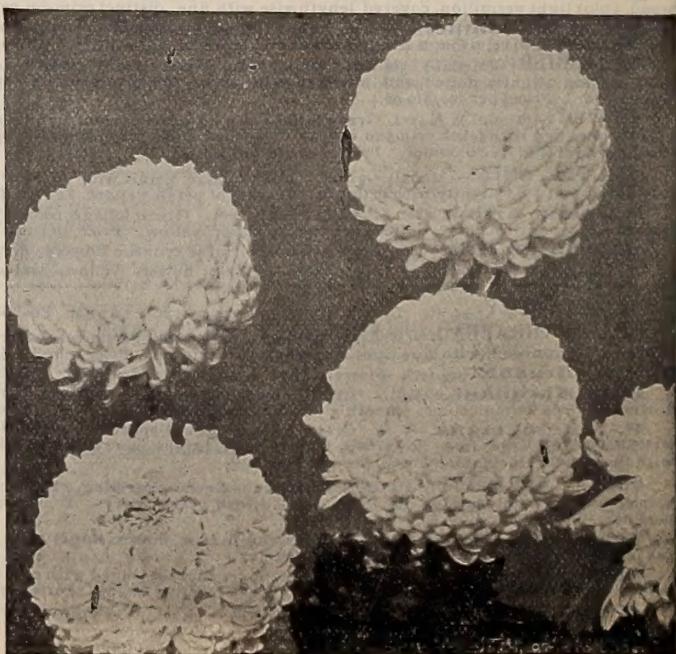

LORLEI.—(Theo. Bock.) First class certificate C. S. A., a solid, incurved flower of medium size, with fine stem and foliage, color white, on outside petals lilac pink; height, 3½ feet, take crown buds; maturing from November 10th to 30th; very distinct in its style and make up. Each, 50c.; per doz., \$5.00.

EVANGELINE.—(May.) Pure white, similar in form to Kioto, but larger and more beautiful. Undoubtedly the greatest novelty of the year. Its type and form can be described by calling it White Kioto. Its size is over 12 inches from stem to stem, a solid mass of petals, in color almost a paper-white. The stems are strong, and foliage well up to the flower. This variety can be grown much closer than most others as its clean, erect habit and stiff, straight stems averaging 2½ to 3 feet admit it. Certificate by the C. S. A.

Each, 60c.; doz., \$6.00; 100, \$40.00.

Thanksgiving.—(Rawson.) Certificated at both New York and Philadelphia, November, '96. Height, 3½ to 4 feet; of sturdy habit and nice foliage; flowers large; color, fresh, delicate, even shade of pink, mid-season and later; keeps very well. Grown cool in season at Thanksgiving; very distinct, and a fine exhibition variety as well. Each, 50c.; doz., \$5.00.

Mrs. MARTIN A RYERSON.—(N. Smith & Son.) A reflexed white of the largest size, florets very artistically arranged. Certificate Nov. 14th. C. S. A., and winner of the cash prize of \$50.00 for seedling, scoring highest number of points at Springfield, Mass., Show. Each, 50c.; doz., \$5.00.

Chrysanthemums.

GENERAL LIST.

Price, except where noted, Doz., 50c., per 100, \$4.00.

Three of a kind at dozen rate; five of a kind at 100 rate.

A. H. FEWKES.—A double, partially incurved Japanese of the largest size, of bright golden yellow, without shading. Mid-season, of sturdy habit and medium height.

CHAS. DAVIS.—Golden sport from the immensely popular Viviand Morel; light yellow, most brilliantly suffused with rich apricot; grand variety of immense size.

EUGENE DALLEDOUZE.—Large, full, double, glowing bright yellow, with magnificent foliage, free and easy grower; nothing clearer or brighter among yellows; center petals folded and closed as in Kioto, outer ones broad and of great substance. Nothing in yellows could equal it at the Chicago Flower Show.

E. M. BIGELOW.—Deep crimson. Large bloom, full, regularly incurved. Per 100, \$5.00.

GOLDEN WEDDING.—When well grown one of the finest of the yellows; color deep and shining gold; large and incurved; height, 4 feet; either bud.

GEORGIANNE BRAMHALL.—Early, mid-season. Grand, globular, incurving form of soft primrose yellow; broad petals. A fine grower with stiff stems; height, five feet.

H. W. RIEMAN.—Grand exhibition yellow; terminal bud. A cross between *W. H. Lincoln* and *Madeira*. Deep, golden yellow, very bright; very massive in build; as deep as wide, crowded with petals; stems very stiff; height four feet; foliage very beautiful.

HICKS ARNOLD.—A strong growing variety, bearing large, full, double flowers of an old gold color.

JOANNA.—(*Vaughan*.) Flowers large and incurved, color old gold with reverse of petals deep crimson. Makes a grand pot plant. Mid-season.

JAYNE.—(*Vaughan*.) Dark shaded rose; high build; regularly formed, incurved, blooms; very strong stem; foliage well up to the flower.

JENNIE FALCONER.—Bright lemon yellow; immense deep blooms; incurving.

MISS MINNIE WANNAMAKER.—White, of the largest size; a variety in great demand; extra fine for cutting or exhibitions.

MRS. JEROME JONES.—Grand stem and beautiful foliage; quite dwarf; beautiful waxy white flowers, broad incurving petals; still one of the very finest. Either bud. Mid-season and late.

MRS. J. G. WHILLDIN.—A handsome yellow variety of light tint, fine large size and splendid form. A magnificent addition to the scarce, very early, large-flowering varieties.

M. B. SPAULDING.—Clear deep lemon yellow, immense in size; petals incurving, center full and high.

MARIE LOUISE.—Beautiful recurring white, interlacing petals, perfecting its flowers Oct. 20th to 25th.

MAJOR BONNAFFON.—Soft, clear incurving yellow; full in the center, 6 to 7 inches in diameter, and nearly as deep. Habit dwarf; keeping qualities excellent. Makes an elegant pot plant.

Mme. F. Bergmann.—The finest of all the early whites; very full, of good size and pure white with creamy center; 2½ feet; October 4. Early crown or terminal bud.

Mrs. Moses J. Wentworth.—(*Vaughan*.) Chinese type; flowers large, full and deep; of a rich yellow color; a good keeper and shipper. Early.

Mayflower.—A grand, bold, white; very large and incurving; strong stem; good foliage, terminal bud; 3½ to 4 feet. Per 100, \$6.00.

Mrs. Henry Robinson.—A perfect form, of the *Queen of England* type; large and well finished. An early white, blooming October 15th.

Millbrook.—Large exhibition flower of Viviand Morel type. Bronzy salmon shade; good stem and foliage.

Miss M. M. Johnson.—Deep golden color; height five feet; good foliage and stiff stem. In season October 14th.

Mrs. Potter Palmer.—Flowers large, full to the center. Outer petals reflexed to the stem; incurved tips, rosy pink, reverse silver; a good keeper.

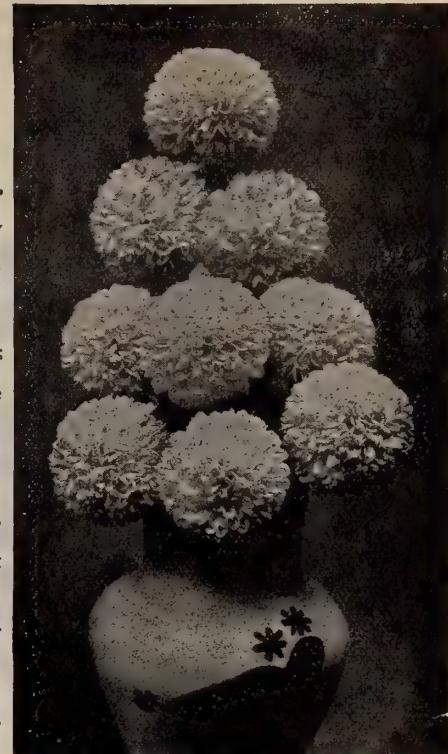

Mrs. Wm. H. Rand.—(*Vaughan*.) A distinct variety of Japanese type. In color a remarkably rich yellow; petals fine, long, twisted and irregularly reflexed, making it resemble a tangled mass of long, golden threads.

Mrs. S. T. Murdock.—Improvement over any existing tones of light rose. Strong stems and well formed flowers.

Mrs. Col. Joseph Thompson.—Very large; amber; reflexed and double. An improved Chas. Davis. Early.

Miss Georgianna Pitcher.—Foliage and stem At; dwarf habit, flower incurved, good size, fine yellow, of great substance.

Merry Monarch.—Very large early white. One of the best sellers in the New York market last fall.

MISS MAY WILLIAMSON.

MISS MAY WILLIAMSON.—This variety is perfection in its class of Pompon, or small-flowered. It has now been some years since a really good sort has been offered, in fact, owing to the rage for monstrosities the Pompons have been neglected. The flowers are perfectly double, round as a ball, 1¾ inches in diameter, pure snowy white, blooming in October and early November. The plant is a vigorous grower and produces buds in greatest profusion, flowers lasting a long time in perfection. Florists may rest assured of its hardiness and ease of cultivation. Greatly admired at the Chicago Flower Show last fall by all who saw it. Per 100, \$5.00.

NIVEUS.—Grand white, globular, good grower, good keeper; fine commercial sort; height, 4 feet. Either bud.

Oakland.—Clear shade of even terra cotta. An ideal bloom, full and deep. Height, 4 to 5 ft.; strong, straight stem, beautiful foliage; deeply cut.

Pitcher and Manda.—Center bright yellow, outer rows of petals white, flowers very large and full; very strong, stiff stems, fine for pots; either bud; 4 feet.

Philadelphia.—The flowers are of the finest globular form; six inches in diameter and of the most delicate creamy white; tips tinged with yellow.

SHAVINGS.—A curiosity; flowers medium size and like a mass of curled mahogany shavings; dwarf and early.

The Bard.—Extremely double, reflexed variety of medium size. Color a rich crimson, with outer edge of petals trimmed with old gold; vigorous grower; grand for exhibition.

The Queen.—A grand double white of largest size and great substance. Very round in form, incurving and full, as well as wonderfully robust.

Viviand Morel.—Extra large flowers; petals long and loosely arranged; color a beautiful light shade of pink; one of the best.

YELLOW QUEEN.—Extra large, bright, clear yellow; one of the finest early varieties ever introduced, having perfected its flowers in the open air during the past two seasons by October 10th.

ZIPANGI.—Crimson; massive bloom; late.

Vaughan's Set for Pot Culture.

THE following list embraces the best varieties for the culture in pots, being of dwarf and compact habit of growth. This is a selection from over one hundred varieties, which experience has taught us are most suitable for pots.

We were awarded twenty First Prizes at the Fall Shows in 1896 for excellence of pot plants.

IVORY.—The flower is a perfect white ball of good size, incurved, borne upon long stems. Plant of sturdy habit, season medium early.

Miss Agnes L. Dalskov.—**PINK IVORY.** Identical with its parent, **IVORY**, except in color, which is a beautiful shell pink. Doz., 75c.; 100, \$6.00.

Paul Noisette.—**OR YELLOW IVORY.** This is one of the very best varieties for pot culture or cut-flowers seldom growing over 18 inches high. Flower medium size and rich lemon yellow, slightly hairy.

Crystalinia.—(*Vaughan*.) Snow-white, medium size flowers; snow-ball type; good keeper; can be roughly handled and will not bruise. Early.

A. H. Fewkes.—A double, partially incurved Japanese of largest size; bright golden yellow, without shading.

One each of above 10 sorts for 40 cents.

GEO. W. Childs.—Deep, rich, velvety crimson, with no shade of brown.

Tuxedo.—Without doubt the best amber either for trade or exhibition.

Constellation.—The nearest to a true pink yet introduced; good size flowers with straight petals, forming almost a round ball; with good, stiff stems and handsome foliage; average two feet high; at its best October 15th.

The Bard.—Extremely double, reflexed variety of medium size. Color a rich crimson, with outer edge of petals trimmed with old gold; vigorous grower.

Miss Georgianna Pitcher.—Dwarf habit, flower incurved, good size; color, golden yellow.

OSTRICH PLUME COLLECTION.

Enfant des Deux Mondes.—(Child of two Worlds.) A creamy white, hairy variety of fine shape and excellent form. Per 100, \$4.00.

Louis Boehmer.—Identical with the above, but an exquisite shade of silvery pink with deep rose on the inside of petals. Per 100, \$4.00.

Perle Lyonnaise.—Clear golden yellow, somewhat plumed, quite full; one of the very finest; of medium size; beautiful globular form; new. 100, \$4.00.

Mrs. Higginbotham.—Japanese, rich, bright pink, wide, incurving petals; the best in this famous class. Per 100, \$4.00.

Beauty Lyonnaise.—Large petals, odd shade of red, with old gold reverse; very peculiar. Per 100, \$6.00.

IDA.—Flowers full and composed of tubular spathulated petals; rosy flesh, with cream center. 100, \$6.00.

Golden Hair.—Fine, deep, rounded flower of amber yellow; broad incurving petals. Per 100, \$4.00.

Buff Hairy.—Deep brownish yellow shaded with buff; flowers large, full and double, incurving petals, beautifully covered with glandular hairs. Per 100, \$8.00.

One each of above 8 hairy sorts for 40c.

ROSES FOR FLORISTS.

NEW YELLOW SOUPERT (MOSELLA).

THE GREAT POT ROSE, CLOTHILDE SOUPERT.

We are headquarters for best stock. Selected plants only. Price, 2 inch, per 100, \$3.00; 2½ inch, per 100, \$4.00; 3 inch, per 100, \$6.00; 3½ in., per 100, \$10.00.

Dormant Stock.—Our own growing, 1-year-old, 10 to 15 inches, bushy plants with good roots, per 100, \$10.00.

NEW YELLOW SOUPERT.—MOSELLA.

This is a splendid novelty; its origin is almost identical with that of the original Soupert. It blooms in profuse clusters of 3 to 5 flowers, which are very double, ball-shaped and open like a Camellia flower. The petals are tinted white, on beautiful light yellow ground extending to the middle of the petals. Per doz., \$1.25; per 100, \$8.00; 3½ inch, per doz., \$2.00; per 100, \$15.00.

New Rose, "Pink Soupert."—We find it a very fine, free-flowering variety, much resembling Hermosa, but more double and flowering more freely; it shows the Polyantha blood in the full cluster bloom and makes a handsome contrast bedded or grown with C. Soupert. 2½ inch, per 100, \$4.00; 3 inch, per 100, \$6.00; 3½ inch, per 100, \$10.00.

Dormant Stock.—1-year-old, 10 to 15 inches and bushy, per 100, \$10.00.

YELLOW RAMBLER. (AGLAIA.)—This rose is, we are confident, an even more valuable introduction than the Crimson Rambler, for it is the hardiest yellow climbing rose yet introduced, and quality of hardiness has been an extremely difficult one to combine with yellow color. It has withstood unprotected and without injury a prolonged temperature of from zero to two degrees below and we believe that, with very slight attention, it can be grown everywhere that other roses succeed. It also blooms after the same manner as Crimson Rambler, in large trusses. Well established plants from 2½ inch pots, each, 25c; per doz., \$2.50; per 100, \$20.00.

CRIMSON RAMBLER.—2½ inch pots, per doz., 75c.; per 100, \$5.00.

OUR soil at Western Springs and our Greenhouse Plant are both well adapted to the growing of young Roses for the shipping trade, and we claim also by reason of express and freight facilities to be in the best position to supply satisfactorily all florist stock of this class. We guarantee all plants that we send out to be first-class, and will make them satisfactory every time, if they are otherwise. We are always glad to make closest possible estimates on your wants in this line.

NEW ROSE

Souv. du President Carnot.

Without a doubt a grand acquisition to the list of Forcing Roses. It has all the good qualities, being a remarkably strong, quick grower, extremely healthy, and constant and very prolific bloomer. It produces long, stiff stems, with handsome foliage; the color is an exquisite sea-shell pink, with the edge of the petals ivory white. The blooms are larger than either Bride or Kaiserin Augusta Victoria, and of perfect shape. It is, we think, the best rose produced in many years. Our stock is of the very best. Plants will be sent out March 15th.

Prices, per doz., \$3.00; per 100, \$15.00; 1000, \$125.00. 50 sold at 100 rate, 500 at 1000 rate.

GERANIUMS.

We have increased the past year our general stock of all Geraniums and are prepared to supply the steadily increasing demand for these, which are sure to be as popular again as formerly. We carry a large stock and *all the leading varieties*. You will find in our general collection nothing but the very best, having discarded many superseded kinds. Strong and healthy 2 inch stock.

FIVE GRAND NEW GERANIUMS.

Each, 15c.; per doz., \$1.50; per 100, \$12.00.

MAD. BRUANT.—A grand, single variety wholly distinct from any other in cultivation. White veined with carmine lake, florets regularly bordered with bright solferino, the arrangement of color is exquisite, often intermingling and producing a striped effect; the trusses are large and beautifully formed; the plant is a good healthy grower and very free flowering. Everything considered, this is the most distinct and wonderfully colored variety ever sent out, and certainly the finest plant novelty of the year.

J. SALLIER.—Edges of petals carmine lake, single, the centre is washed in tints of rose and bluish Heliotrope color, the upper petals are veined carmine and marked with orange at the base. This is one of the most distinct and valuable Geraniums of the year and we recommend it highly.

MAD. JAULIN.—This is an entirely distinct color in the Bruant or bedding type. Very large florets compose a truss of grand size; centre of flower very delicate pink bordered with pure white. For freshness and beauty this variety is unrivalled by any bedding sort.

FLEUR POITEVINE.—Another distinct colored variety. Large single flowers; color brilliant rosy carmine, marbled and striped with pure white, producing an aureole of deep orange carmine at the centre; the plant is dwarf but robust and wonderfully free flowering.

J. RICAUD.—Free flowering double variety with enormous sized trusses; flowers purplish crimson of a very intense shade, centre very distinctly marked white.

One each of above 5 varieties for 65c.

NEW GERANIUMS OF 1896. ☺

Alphonse Chardin.—Double. Enormous trusses, beautiful new color, nankin rose with darker veins; plant of splendid habit; novel and distinct.

Camille Bernardin.—Single. Very large trusses, free flowering habit; rosy peach, veined with bright rose and streaked and marbled with pure white. Mirande type.

Comtesse de Castries.—Double. Flowers of very large size, very bright soft rose marked with white; a superb rose colored variety for bedding.

Docteur Argueyrolles.—Flowers single and trusses large, at first clear rose veined with very bright rose, centre white, surrounded with violet.

Docteur Dujardin-Beaumetz.—Double. A robust, free flowering variety with brilliant scarlet flowers; a magnificent variety for massing.

Double New Life.—The flowers are double, brilliant red, and in the centre of each appears another semi-double white floret.

Edward Danglede.—Very free flowering, large semi-double florets, beautiful magenta color, base of upper petals marked orange.

H. Dauthenay.—Bruant. Single. Extremely free flowering; trusses of immense size, color coppery orange red with white eye.

Hedwig Buchner.—A very fine, double white variety, of the type of Ayme de Chevreliere, but we believe much superior to that variety.

J. D. Cabos.—Bruant. Single. Plant dwarf and free, bearing large trusses of flowers of a novel and pleasing color in this type; color very soft rose

L'Aube.—Enormous trusses, large round florets, pure snow-white, in freedom of bloom resembles the excellent double white variety. La Favorite.

Pres. Leon Picas.—A dwarf, vigorous growing, double variety; an abundant bloomer; color very bright ruby red spotted and shaded dark violet.

Each, 10c.; doz., \$1.00; per 100, \$8.00, or one each of above 12 varieties for \$1.00.

TYPE OF LAROE-FLOWERING AND JACKMANI CLEMATIS.

CARYOPTERIS MASTACANTHUS.

A handsome, half hardy, perennial plant, recently introduced from China. It is of vigorous growth, producing flowers in great profusion the whole length of its branches, even young plants in small pots flowering freely; color is a rich lavender, or sky-blue. A valuable plant either for bedding or pot culture, blooming continuously from mid-summer until cut by frost in the fall.

large, dormant plants, per doz., \$2.00; 2½ inch pots, per doz., 75c.; per 100, \$6.00.

HARDY WHITE PINK.

Her Majesty.—One of the most popular cut flowers of the day; far in advance of anything yet seen in this class of plants. Flowers pure white on long stems. Per doz., 75c.; per 100, \$6.00.

Hypericum Moserianum.—A new evergreen shrub, 2½ feet high, which is covered with large flowers from May until fall. They resemble those of Rosa Polyantha but are of the richest golden yellow. Pot plants, per dozen, \$1.00. Dormant plants, each, 25c.; per doz., \$2.50.

HYDRANGEA Paniculata Grandiflora.

We have a splendid stock of this beautiful flowering shrub, which is one of the best selling plants we know of, one that always gives satisfaction. Price, large bushy field-grown plants, 2 to 3 feet high, per doz., \$1.25; per 100, \$10.00. (These retail at 50c. each.) Second size, 2 feet, per 100, \$6.00.

FROM 2 INCH POTS—READY MARCH 1ST.

Each, 15c.; dozen, \$1.50; per 100, \$10.00. The Set of 15 for \$1.50.

EVERY FLORIST SHOULD HAVE THIS COLLECTION.

Varieties offered here are entirely new and distinct from the old fashioned Hardy Phlox. Both in dwarfness of growth, size and color of flowers. We consider them the most desirable of all hardy perennials, flowering most abundantly from July until late in autumn. The immense flower heads measure from 7 to 9 inches across and comprise all shades of color from vermilion to white. The 15 kinds below are now offered for the first time.

Glory of Saint Marc.—Blue violet, centre brown, very fine.

Isabelle Dupuy.—White rosy, centre red and white.

Madeleine Leturque.—Fine Indian rose, with white star. A new color.

Marquis de Saint Paul.—Large flower, rose salmon red star, outside white.

Amphytalon.—Panicles pyramidal, flowers lilac, and white in the centre.

Coquillecot.—Large flowers, bright orange, centre purple, a very bright color.

Japonais.—Dwarf rose salmon carmine, large violet centre.

Madagascar.—Large flower, light lilac, large white star in centre; new color.

Torpillleur.—Dwarf, large flower, bright magenta.

Cameron.—Large, perfect flowers; flesh pink, with large, crimson centre, forming large, compact flower head. Extra good.

Kossuth.—Bright rose pink with deep centre; dwarf habit; flower heads compact and of immense size.

Le Donon.—Enormous, grayish pink flowers. Edge streaked with white. Extra fine.

Carillon.—Large, perfect flowers; pure red; lilac shadings, crimson centre; dwarf.

Berenice.—Compact; flowers pure white and well formed heads. Height, 10 to 12 inches.

Alceste.—Flowers extra large and perfect.

White, shaded lilac; bluish violet centre.

We call attention to our large stock of field clumps of Hardy Phlox, such varieties as:

Aurore Boreale, Amor, Cross of Honor, Princess Louise, Gloria, Diplomate, Jean d'Arc and many other sorts.

Price, field clumps of these, doz., \$1.25; per 100, \$8.00. 2 in. pots ready March 1st, per 100, \$5.00.

Florists' * Flower * Seeds.

The Best and Freshest
...IN AMERICA...

THESE are one of our main specialties and we do not spare time or expense to have *the best of everything*. Our Asters, Verbenas, Stocks, Petunias, Balsams, etc., are from the most reliable German growers. Our Pansies are the pick of the best German, French, Scotch and American strains. Our Cinerarias, Calceolarias and Primulas are grown by the most noted and scrupulous specialists of these plants; our Sweet Peas are grown in California and are strictly pure and true to name. We test all the promising novelties that show any indications of improvement, and only offer them after we find them of value. Our prices are right, our trade packages very liberal, and we serve you promptly. We want your trade and we know we can fill your orders to your entire satisfaction.

Please Note.—Trade packets contain considerable more seed than ordinary or retail packets, being based on a Florist's needs for ordinary purposes. Florist's invariably get Trade Packets unless otherwise specified.

and striking colors and furnish only seed of last year's growth. Nearly all our Aster seed is raised in Erfurt, Germany, where, as is well known, the best Asters are grown. In comparing prices you will please bear this fact in mind and not confound our strains with inferior French or Italian seed offered at low prices. The Aster crop was a good one last summer, and good germinating qualities and choice flowers may safely be expected.

GIANT COMET ASTER.

They resemble the Japanese Chrysanthemums in shape and appearance. This **Giant Strain** is a vast improvement on the original Comet Aster, for the habit of the plant is much more vigorous, while the flowers are of gigantic size, **larger than those of any other Aster** and not only are they larger, but they are produced in greater profusion. As many as twenty-five blooms are often found on a single plant. They are of good form, **very double**, and produced on long, stiff stems, making it an excellent sort for cut flowers.

Vaughan's Florists' Mixture of Asters.

This is a mixture of all the best varieties of Asters suitable for cut flowers, consisting principally of white, pink and the brightest of red, with a small proportion of blue and purple and some intermediate shades. This mixture, being made up by ourselves, we know to contain only the most salable colors for cut flower use, and offer it as a good substitute for the higher priced separate colors. Per $\frac{1}{8}$ oz., 50c.; oz., \$3.00; trade pkt., 25c.

WHITE ASTERS IN MIXTURE.—This mixture is made up by ourselves of all the white flowering Asters suitable for cut flowers, includes Giant Comet Snow and White Branching. Trade pkt., 25c.; $\frac{1}{8}$ oz., 50c.; $\frac{1}{4}$ oz., 85c.; oz., \$3.00.

Grows scarcely five inches high, and forms dense, neat little bushes with dark, rich, green foliage bordered with bronzy red. The bright red flowers with their golden-yellow stamens are produced in clusters right above the leaves, making a brilliant contrast. Its dwarf growth, the brilliancy of its flowers, and the fact that it blooms uninterruptedly all season long, make it extremely valuable for carpet bedding, borders and pot culture. Trade pkt., 50c.

BELLIS, or DOUBLE DAISY.

VAUGHAN'S MAMMOTH MIXED.—For size of flowers, these have no equals. The flowers measure from $1\frac{1}{2}$ to 2 inches in diameter, besides being of the most perfect form, very double and ranging in colors from the finest snow-white to pink and blood-red, with the most pleasing combinations of pink and white. Owing to their doubleness they are very shy seeders. Trade pkt., 25c.; 1-16 oz., 60c.

MAMMOTH DAISY, WHITE.—Flowers are much larger than those of the well-known Snowball, double, and borne on long, very stiff stems. Trade pkt., 25c.; 1-16 oz., 50c.

CARNATION. The Guillaud or Riviera Market.

This has been obtained by careful selection from the Margaret, and is far superior to it in every respect; the flowers are of larger size, better substance, greater doubleness, and more varied markings and colorings, many having grounds and shadings of yellow, a color which is very rare in seedling Carnations. They will also, like the Margaret, bloom the first summer, and taken up in the fall, the plants will bloom during the winter, yielding an abundance of very double flowers. It is an everbloomer and does well in the house and outdoors. Trade pkt., (150 seeds) 25c.; 500 seeds, 60c.

CARNATION, MAD. GUILLAUD.—In this we have the best yellow Carnation that will bloom from seed in four months. The flowers are very large and double, borne on long, stiff stems, and clear golden yellow, with only an occasional pink or red streak. 100 seeds, 50c.

New Double Perpetual Carnation.

Our Seed is direct from the Originator.

As early as the Margaret Carnation, this new sort will be found invaluable for Florists. The plants grow up to 20 inches in height. The stalks are very stiff, like wire, and the flowers large and very double. The calyx rarely ever bursts, and the percentage of double flowers is very great, about 90 per cent. They are, as the name indicates, perpetual bloomers, and having seen these Carnations bloom in Mr. Chabaud's garden, we have personal knowledge of the superior qualities of this sort. Trade pkt., 25c.; $\frac{1}{8}$ oz., 45c.; oz., \$2.50.

MIGNONETTE MACHET.

This extremely fine variety is undoubtedly the best Mignonette for Florists' use. The dwarf and vigorous plants are of pyramidal growth, producing very thick, stout flower stalks, throwing up numerous dark green leaves, which terminate in long, broad spikes of sweet flowers. It is the best sort for pot culture, excellent for cutting and we have a fine strain.

" Vaughan's International Pansy Mixture. "

This is the Pansy mixture for every Florist who would realize the highest prices for his flowers and plants. It contains the cream of the cream of every noted Pansy growers' product the whole world over. The Pansies grown for this mixture have been repeatedly personally inspected by us in the fields, and we thus became acquainted not only with the quality of the general assortment of each individual grower but we also made selections of their choicest varieties. Thus it can be readily understood that we are in position to make up *The Finest Combination of kinds in the world*, and this we are doing each year with our "International Mixture." It contains, besides all the choicest German Pansies in their wide range of beautiful colorings; all the separate colors of the Giant Trimardeaus with their immense flowers and rich colors. It contains the Giant Cassier and Bugnot strains, the product of celebrated Scotch strains, the Falaise and Boulogne Giants, in fact there is no strain of any of the celebrated Pansy Specialists not represented in our INTERNATIONAL MIXTURE. DOUBLE SWEET PEAS.—It has been a difficult task by hybridizing and selection to change the habit of the Sweet Pea to a double form, and much remains to be done; but each year finds us nearer. The result at best is really semi-double flowers.

The best mixtures we have will not produce over half doubles, the others remaining of the usual single type. Our grower, who has spent much time on them, says the seeds he sends us this year represent the best ever produced. Regarding their culture, he says:

"What percentage of double blossoms our Double Sweet Peas will produce, would say that the season, the time of planting, and the soil will make quite a difference in the number of double blossoms. These Sweet Peas we have selected for doubles, that is, have taken the plants showing the largest number of doubles, and then picked off all the single blossoms on the plant. But even this stock if planted in rather dry soil, and so late that they bloom late, will show very few doubles. If the soil is rich, the seed planted early, and the season a good one for Sweet Peas, they will show from 60 to 80 per cent. of double blossoms, and sometimes nearly 100 per cent of them."

We can furnish carefully selected seed of Double Appleblossom, Double Splendor, Double White, Double Capt. of the Blues and Double Senator, white and purple. Oz., 10c.; $\frac{1}{4}$ lb., 30c.; lb., \$1.00, or Double Mixed at the same price.

PINKS AND REDS MIXED.—Blanche Ferry, Royal Robe, Blushing Beauty, Peach Blossom, Empress of India, Mrs. Gladstone, Katherine Tracy, Ovid, Lady Penzance, Duke of York, Duke of Clarence. Lb., 45c.; $\frac{1}{4}$ lb., 15c.; oz., 5c.

WHITE MIXED.—Including Blanche Burpee, Emily Henderson, Mrs. Sankey. Lb., 45c.; $\frac{1}{4}$ lb., 15c.; oz., 5c.

STRIPED MIXED.—Including America, Ramona, Senator, Mrs. Chamberlain, Gray Friar, Duchess of York, Juanita, Gaiety and others. Lb., 40c.; $\frac{1}{4}$ lb., 15c.; oz., 5c.

• PRIMULA SINENSIS.—Chinese Primroses.

Our Primula seed has been grown by the most careful English, French, German and American specialists and is remarkable for great diversity of coloring, as well as splendid habit of the plants and the large size of the flowers, measuring from $\frac{1}{2}$ to 2 inches in diameter, being perfectly round and fringed.

NEW GIANT PRIMULAS.

This new strain is a vast improvement on the older varieties, the flowers being considerably larger. They will no doubt take the foremost place when the variety of colors has been increased. We offer the following colors:

VAUGHAN'S INTERNATIONAL PRIMULA MIXTURE.

This mixture is composed of the most saleable colors of Single Flowering Chinese Primulas, the best whites, pinks and reds, with a sprinkling of other colors, enough to give a large variety of colors, the most important shades predominating. It contains some of the above mentioned Giant sorts, some Fernleaved, some blue; also some with dark leaves and stems. We have taken special pains to make this mixture as complete as possible, and unreservedly recommend it to everyone. Pkt., 350 seeds, 50c.; 5 pkts., (1750 seeds) \$2.00; per 1-16 oz., \$2.50.

• DOUBLE CHINESE PRIMULAS. •

GRASS SEED.

VAUGHAN'S CHICAGO PARKS "LAWN GRASS MIXTURE"

which we have put up and sold for fifteen seasons past, is justly the most widely and favorably known of any sold in the West; it consists of those grasses best adapted for the formation of a fine lawn, and never fails to give satisfaction.

We can furnish it put up in neat pasteboard boxes, with directions for sowing, at low rates. Per lb., in 1 pound packages, 16c.; in ½ pound packages, 20c. per pound; in bulk, per bushel, \$1.75.

Lawn Seed.—A good mixture; per bushel, \$1.25.

Pansy and other Flower Seeds for Retailing.

For the retail trade we have these put up in attractive lithographed bags, with full directions on their culture, and we supply them at 50 per cent. off retail prices, if not less than five packets of a kind are ordered.

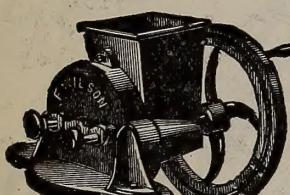

VAUGHAN'S
CULTIVATOR
HARROW.

This Harrow Cultivator has all the advantages of an Expanding Harrow, while its REVERSIBLE diamond pointed teeth, about two inches wide, play havoc with weeds and mellow the soil. It has a light, open steel frame, while each tooth, being secured to the frame by a steel clip, can, by the simple loosening and tightening of a nut, be adjusted in depth, reversed, taken out, sharpened or replaced. For very close rows every other tooth can be very quickly removed. Look out for cheaply put up imitations. See what we say of material used in our Favorite Horse Hoe, this tool is put up in the same most thorough manner.

Price, \$4.00. Wheel, extra, 65c.; Rear Sweep, extra (*see cut*), \$1.00.

The "PLANET JR." Grass Edger.

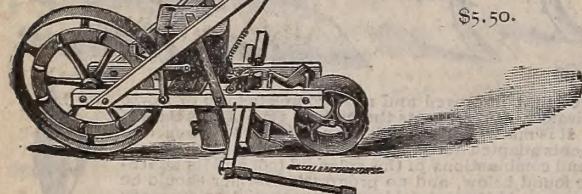

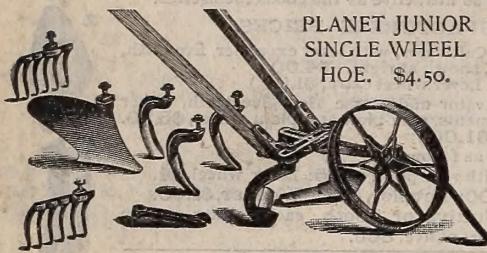

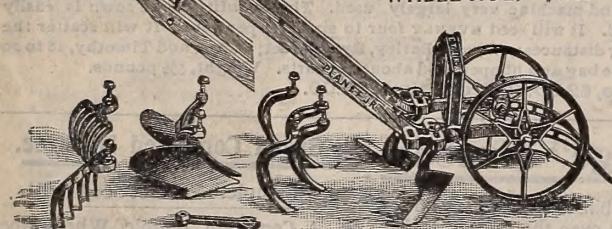

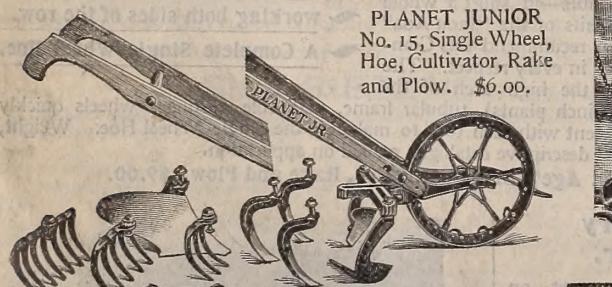

The grand secret of attractiveness in grounds surrounding a house is extreme neatness. The "Planet Jr." Grass Edger assists wonderfully in producing this effect. It will do either straight or curved edging at a speed of a mile an hour. It should be the constant companion of the lawn mower.

Strawberry growers will find the Grass Edger, with the hoe removed, a rapid and perfect tool for cutting off surplus runners. Price, \$5.00.
